

North Mountain Trail

CRAIG COUNTY

The North Mountain Trail System includes a 4-mile trail on the ridge top of North Mountain plus three 1 ½-mile trails that climb the north face of the mountain to the ridge. Trails are rocky, steep and difficult, making them popular with mountain bikers. Hikers

and bikers can combine any of the three ascending trails with Wildlife Road and North Mountain Trail to create different sized loops to suit their abilities. The largest loop is 11 miles. The trail system is well-signed and blazed.
